Dear Brittany Harbridge,
My sight is now rather poor,
but I will do my best with
my magnifying glass.

- 1) I approve Mardis' paintings
according to your letter
- 2) I think it is best to use
a standard credit for the
website, and whatever you
decide on, will be accepted
by myself.

As you can see, this is

rather a poor answer to your
very interesting & important
letter.

May I wish you all success
and I hope this "letter" is
adequate to your purposes.

Yours sincerely.
